Paul gave the treasures report. We are down from last month but rent is paid up until September and we spent \$5200.00 on the central regional conference.

NEW BUSINESS

The golf outing is right around the corner it will be held at Northland Country Club on Monday September 25th. A hole sponsorship cost \$800.00 that includes 4 rounds of golf, 2 carts, after golf festivities and signage on your sponsor hole. Our break-even point is to sponsor 11 holes for the food it is \$1950.00.

We still are looking for silent auction items if you can get some contact Dan or Paul.

Glenn and Pat have all the systems in place for next years scholarship fund.

We are looking at doing a harvest dinner in late October as one of our fundraisers to off set the loss of revenue from death by chocolate. More to follow at the September meeting. We will need a place to hold it, if anyone one is interested, please contact a board member.

Cooking for kids next year is a go. We will look at cutting it down to 2 days instead of 4 that will help us out with getting people to make a commitment to teach the classes. There will be six classes of first graders. So that means 6 instructors and 6 helpers for two days.

Our web sit is up and running. Dave Mobley is helping us out on getting it going.

If everyone one has access to a computer we may try to put the minutes on the web page for everyone to read and that would save us some office and postage expense. We could also put any last minute updates or reminders of the upcoming meetings on there also. Think about it and let us know at the next meeting
